

About the Service

I need some Cleaning Quickly

We have on average 150 cleaners in each area, and for one off cleaning and temporary cover we can often get you a cleaner for the very same day. However the process is slightly longer for permanent placements as we need time to find the right domestic cleaner to meet your individual requirements.

We carefully go through our database to find a domestic cleaner that will match your requirements perfectly, so the more information you can give us in the initial order, the better we can serve you.

We want to ensure that many years after the cleaner started cleaning your home, you are still incredibly happy with the service and you will fully understand why it can take up to five days to find the right domestic cleaner.
